Granite Business Crippled by Fire Which Destroyed Power House.

The power house, or the house where the transformers were located, on Pleasant street, was burned down on Monday evening. The fire broke out about 5 o'clock and though the building was small it was a fierce little fire, there being so much oil about the structure. Quite a crowd gathered and formed a pail brigade. Men, women and children were all active in carrying water in pails, dishes and kettles and by their activities the fire fighters succeeded in saving the homes of Miss Nellie Bone and Miss Ruth Gates. Fortunately there was no wind and this was in favor of the Gates buildings. This fire will cripple the granite business for a short time at least, as they have work underway that cannot be finished until power is restored.

Why Lack Of Iron In The Blood May Be Costing You Money Every Day
Many a Capable Man or Woman Falls Just Short Of Winning Because They Don't Back Up Their Mentality With Physical Strength and Energy

Get some of the money—don't let the other fellow have it—all just because you are too weak, nervous and rundown to go after it with the same vim that gets him what he wants. Make yourself a man of blood and iron—a man of power and vitality.

"Many a capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which comes from having plenty of iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital.

"Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. To help make strong, keen, red-blooded Americans there is nothing so valuable as organic iron—Nuxated Iron. It often increases the strength and endurance of weak, nervous, run-down people in two weeks' time."

Manufacturers' Note: Nuxated Iron which is presented and recommended by physicians, and which is now being sold by over three million people annually, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older iron preparations it is easily assimilated and does not injure the stomach. It is a pure, natural, and entirely satisfactory remedy in every case of iron deficiency. It is dispensed in this city by all good druggists.

Sold by Ernest A. Drown's drug store and all other druggists.

EAST BROOKFIELD

Miss Bessie Wheatley and William Hull Married.

A very pretty wedding took place at the church on the evening of Aug. 16, when Bessie Elizabeth, youngest daughter of Mr. and Mrs. M. S. Wheatley, and William Hull were united in marriage by Rev. John Irons of Williston.

The church was tastefully trimmed in a color scheme of green and white, ferns, evergreen, potted plants and white crepe paper being used for decorations, and the bridal pair stood under an electrically lighted wedding bell, which was suspended from a green and white arch. "O Promise Me" was effectively sung by A. G. Bigelow. Then to the strains of Lohengrin's wedding march, played by Mrs. Alden Savage, the couple, unattended, were ushered in by four little girls, who scattered sweet peas along the aisle.

The bride wore a dress of white satin, made up with silver lace, and a veil of embroidered net looped up with orange blossoms. She carried a bouquet of white sweet peas. The little flower girls, Evelyn Conant and Barbara Wheatley, nieces of the bride, June Hull, niece of the groom, and Estel Reed, were dressed in white, with pink ribbons, and carried baskets tied with pink.

The double ring service was used and little Edward Conant, nephew of the bride, as ring bearer, carried the rings in a small china dish. James and Walter Wheatley, brothers of the bride, acted as ushers during the evening.

After the ceremony Mr. and Mrs. Hull received the congratulations of nearly 200 guests, who were later served to punch and wedding cake by Mrs. Ralph Wilcox and Misses Clara Perham and Eva Reed.

The excitement of the evening reached its height when suddenly the couple made a dash for the door, jumped into a waiting automobile and started on their bridal tour amid a shower of rice and confetti.

Mr. and Mrs. Hull were the recipients of many lovely gifts, consisting of china, cut glass, cutlery, silver, linen and \$40 in money.

Both young people are well known and very popular in this community. Mrs. Hull graduated from Randolph high school in the class of 1913 and has since then been a successful teacher in surrounding towns. However, part of last year she spent in Washington, D. C., in government service.

Mr. Hull was one of the boys who answered the "call" in June 1917. He was trained at Fort Ethan Allen, transferred to Niantic in August, and in October, sailed for France with the 26th or Yankee division, where he saw active service as a truck driver. He was discharged in May and since then has been working on one of the large farms in town. The best wishes of their many friends go with Mr. and Mrs. Hull in their new life.

Doctor Tells How to Detect Harmful Effects of Tobacco

Try these SIMPLE TESTS

New York: Doctor Connor, formerly of Johns Hopkins hospital, says: Many men who smoke, chew or snuff incessantly and who are seemingly healthy, are suffering from progressive organic ailments. Thousands of them, who would never have been afflicted had it not been for the use of tobacco, and thousands would soon get well if they would only stop the use of tobacco. The chief habit-forming organ of the body, the harmful effect of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer or the common affliction known as tobacco heart. If you use tobacco in any form, you can easily detect the harmful effects by making the following simple tests. Read about one full page from a book. If, in the course of reading, your voice becomes muffled, hoarse and indistinct, and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, your heart beat is forced, trembling or irregular, and if you are a victim of functional or organic heart trouble, if you feel that you must smoke, chew or snuff to quiet your nerves, you are a slave to the tobacco habit, and are positively poisoning yourself with the deadly drug, nicotine. In either case you have just two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco, the craving will have left you. With the nicotine poison out of your system, your general health will quickly improve.

Note:—When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit; away with it! anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Cummings & Lewis and F. G. Russell.—Adv.

BIG TIME BACK AGAIN
WHITE RIVER JUNCTION-SEPT-9-10-11-12

The Climax of Them All!

All the old friends of the Vermont State Fair are planning to attend their "Big Favorite" after two years of enforced absence. The plans of the State Fair Commission are for a

BIGGER, BETTER, BUSIER EXPOSITION

than has ever been presented on the State Fair Grounds.

CATTLE EXHIBIT—Famous as a stock show, this department will reveal the advance Vermont has made, as well as showing the best of cattle from other states.

THE HORSE EXHIBIT will be extensive, showing all breeds and including the biggest showing of the Morgan horse.

SHEEP AND SWINE—Much attention is being given to make these exhibits larger than ever, with every promise of success.

FARM MACHINERY, including Tractors, will be an exhibit that will interest all interested in cultivating the soil.

THE DARING LIEUT. "JACK" LYNCH will give daily exhibitions in stunt flying, showing all the tricks of the flying man. This aviator is gaining renown every day, and he is sure to create thrills for the patrons of the Vermont State Fair.

NIGHT CARNIVAL—Wednesday and Thursday evenings the grounds will be brilliantly lighted with hundreds of electric lights, and a carnival of shows will furnish spectacular and thrilling amusements.

FREE VAUDEVILLE—Every day of the Fair, before the two mammoth grand stands.

TROTTER FEATURES will bring out big strings of horses, the purses being liberal, and the fair management promises the very best of racing.
